

HIT

Touch Switch Type Temperature Controllers

- Realizes ideal temperature controlling with newly developed PID control algorithm and 100ms high speed sampling
- Relay output and SSRP output embodied together : SSRP output makes phase control and cycle control possible(AC power).

TC Series

Best Selling Products

Digital Indicating Type Fiber Optic Amplifiers

Dual-display, High speed sensing (20,000 times per sec.) and 1/10,000 high resolution

BF5 Series

World Best Glass Value Sensing

High-functional compact photoelectric sensors

BJ Series
